use interfering with that snake's simple pleasures."

We have it upon the authority of George Henry Smith that Blazes is an excellent hunting snake and a splendid retriever. As Wally Dobbs is crossived, he's only a tolerably good shot. Blazes is, consequently, a valuable aid to him, for he sits back en his haunches and charms the birds and rabbits while Wally empties herrel after barrel at them till be brings 'sm down.

Gus Moyer, the village storekeeper, does not share in the local pride over

MAY CAUSE DEATH OF THREE MEN

Twelve Others Caught in Flames and Fumes When Flywheel Bursts.

Three men were burned, probably fatally, about 10 o'clock to-day when the boys in their leather and silk jackets the 200-ton flywheel in the National Sulphur Works at No. 618 Kent avenue, Williamsburg, burst, sending ignited

With a roar that could be heard half a mile away the glant flywheel had split into fragments. Part of it crashed through a big steam boiler and the next instant the boller shot upward, tearing off the roof. Then the hundreds of tons of sulphur ignited, the flames running along from floor to floor. Two hundred men employed in the works leaped for the street, holding coats over their heads to save them from the sputtering blue choking death.

Some one remembered that three men had been left behind. A party was organized, and with wet pags over their heads, several men ran back through the blue fire and picked up the superinten dent, Owen Keenan, sixty years old, of No. 630 Hedford avenue; Daniel Bonner, twenty-seven, of No. 521 Myrtle avenue. and Patrick Moran, thirty-seven, of No. 707 Myrtle avenue. The rescued were destroyed. Two sons escaped, but were horribly burned, and the last rites of the Catholic Church were administered to them by Father Hollorhan of the Church of the Transfiguration, who heard the explosion and ran to the Scene.
The firemen fought the flames in

relays. Half suffocated, they staggered out of the building and lay on the sidewalk panting. Crouching on the ground and crawling on their stomachs. the firemen advanced the hose and fought flames and poisonous fumes for nearly an hour before a stream could

be turned into the building. Twelve others were injured with the White, a representive in the Illinois ing the fire all windows in the neigh is salature, sod for publication an ex- borhood were shut and doors closed. from the choking gases.
